APPLY

Hosted by the **Mechanical Contractors Association of Metropolitan Washington (MCAMW)**, this trip is designed to introduce students in construction and engineering majors to mechanical contracting and MEP systems in the nation's capital.

Throughout the trip, students will:

- Gain exposure to fabrication shops
- Attend a jobsite tour
- Visit the corporate office of one of the nation's largest MEP building systems experts
- Network and build relationships with industry professionals

APPLY HERE

by Wednesday, February 16

Accepted students will be notified via email
by Friday, February 18.
